

SPECIFICATION SHEET

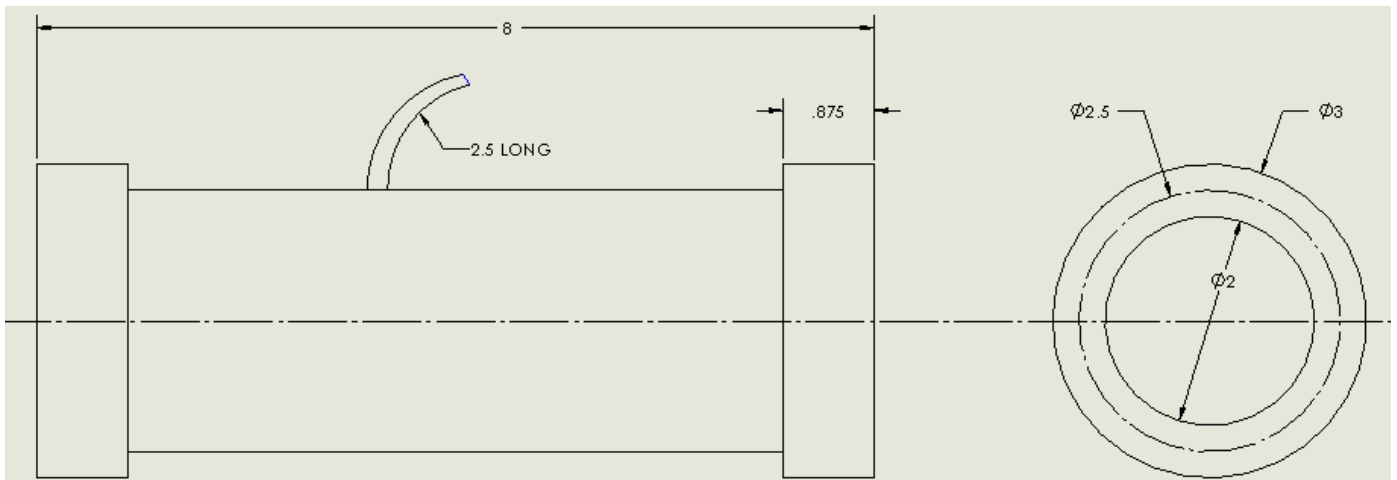

Product: ZonePak™ SDHV Zoning 2" Damper

ZonePak™ is the smart solution for delivering controlled comfort throughout your environment. Its unique, air-driven damper system is guided by multiple independent, pre-programmed thermostats, creating up to three separate zones of unparalleled comfort while utilizing a single air handler. The select delivery of conditioned air satisfies thermostat needs quickly, allowing the air handler to run more efficiently and reducing overall energy consumption and costs.

ZONEPAK 2" SDHV Damper (2 or 5 Pack)

Dimensions (in)

Operation

Part Numbers

| | |
|----------------------|-----------|
| 2-Damper Set w/ Tees | AC-ZPBD-2 |
| 5-Damper Set w/ Tees | AC-ZPBD-5 |

Application

- Compatible w/ HeatPumPro ZonePak™ Panel 2-4 Zone
- Controls up to 54 dampers
 - Integrated pump +/- 40" w.c. (pressure and vacuum)

Construction

- Bladder - Urethane
- Connector - SpacePak™
- Housing - Yellow PPO
- Insulation - Armacell 1-5/8" x 3/8"
- Contains 1 retaining washer
- +/- 10% leakage rating (SDHV manufacturer)
